10 This meeting of the Kansas Board of Veterinary Examiners was called to order at 10:02 A.M. by

19 adopt the agenda, Dr. Bentz seconded the motion. The motion passed on a voice vote with no
20 dissenting votes.

22 Dr. Bentz made a motion to approve the minutes of the 10/5/2016 board meeting, Mr. Allen
23 seconded the motion. The motions passed on a voice vote with no dissenting votes.

25 There was no one present for public comments.

27 Dr. Michael Apley provided informative information on VFD and the impact on veterinarians and
28 producers. Dr. Apley stated the VCPR definition in the Kansas Veterinary Practice Act is adequate
29 for now. There was then some discussion about specifically clarifying and addressing VFD in statute.
30 Ms. Andaya was asked to advise the Board if the agency could accomplish what is needed to enforce
31 VFD requirements through changes in regulations, or if changes would have to first occur in statute.

33 During the trial merge with KDA, implementation of the institutional license was enacted with
34 revisions to K.S.A. 47-829; 47-855 and 47-856. Because the Board has sole authority to issue
35 licenses Ms. Andaya recommends that the institutional license application be revised to include the
36 Statement Of Citizenship component as it is required; agency staff should review and maintain all the
37 compulsory applicant documentation in agency records

40 Boards. Athena will be attending the 12/14/2016 Committee Meeting on behalf of the Board;
